Oak Brook, IL, September 26, 2008 – teksoft ventures will be a proud exhibitor at the "Managing Your SAP Projects" conference being sponsored by SAP Insider. The conference is being held October 22nd through October 24th in Orlando, Florida.

What is the "Managing Your SAP Projects 2008" conference?

This 3-day event gives everyone the opportunity to learn more about new strategies, obtain detailed instruction from experts and explore into the best practices to efficiently manage your SAP projects. There will also be more than 90 expert-led sessions that will be discussing real world scenarios to help you properly schedule, execute, test, document, and monitor your SAP projects.

Who will be there?

The top experts in project management and related topics from SAP will be at the conference along with customers, leading independent consultants, and other top professionals in SAP related fields. It's a great opportunity to network with peers and learn how to ensure that your projects meet or exceed your original goals.

The conference is located at Loews Royal Pacific Resort at Universal Orlando, 6300 Hollywood Way, Orlando, Florida. For more information [download the brochure](#) or visit <http://www.sapprojects2008.com>.

Feel free to stop by and visit teksoft ventures at booth 710.

About teksoft ventures

teksoft ventures specializes in training clients to implement SAP applications using proven experience, highly qualified SAP training and configuration professionals, innovative proprietary processes, and a robust library of SAP training curricula, the teksoft Resource Library, that accelerates sustainable results. We deliver onsite, "just-in-time" project team training as well as providing role-based end user curricula. We are highly regarded professional advocates for successful education of our client's training constituents. Since 1998, we have educated clients across 14 countries and six continents, including North America, Europe, Africa, Asia, South America and Australia. Our clients come from a wide variety of industries, including Manufacturing, Financial Information Services, Consumer Products, Retail, Publishing, Pharmaceutical, Public Sector, Higher Education, Apparel and Footwear, and Insurance. We serve organizations that range from mid-size firms to global Fortune 500 companies.
